March Update

Update From Last Month

The new lunch menu has now started.
We hope you are enjoying it so far!

We included some of the dishes that
received the most votes.

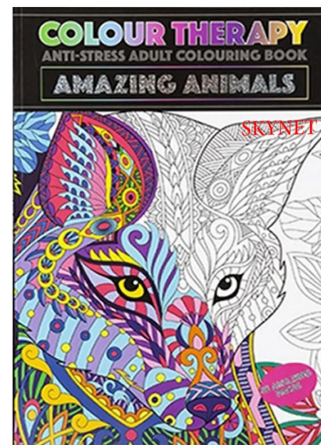

We also kept some favourites from
the previous menu!

Update From Last Month

New wet play equipment has been ordered (for those classes who sent their requests) and some of these have already been delivered to classes!

Please take care of these and make sure that they are put away carefully so pieces don't get lost.

New Summer Clubs

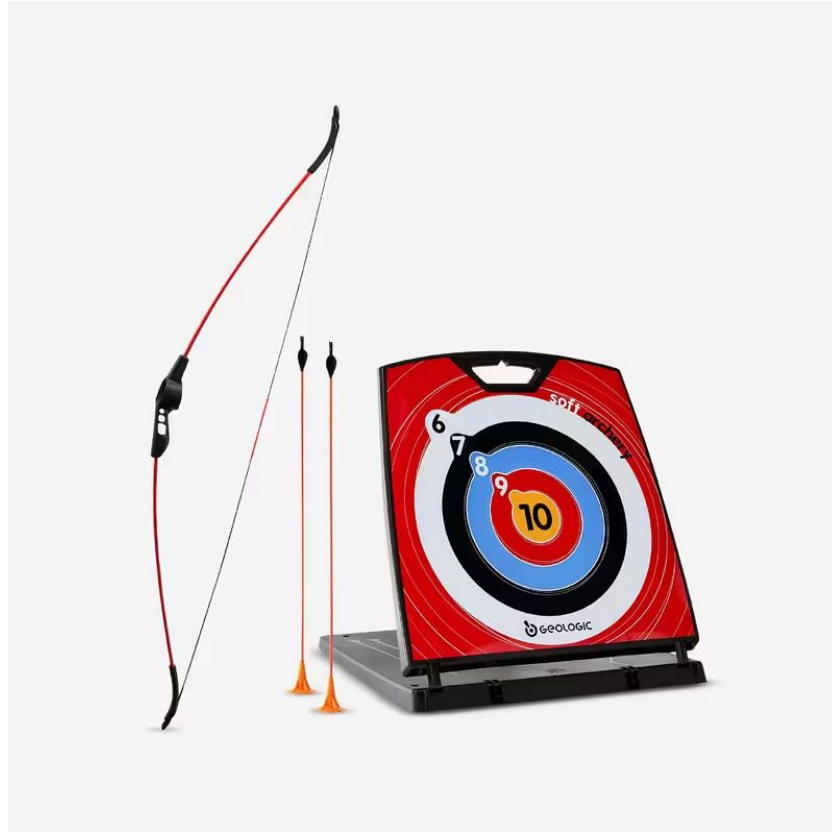

After Easter, we will be having new after school clubs led by teachers and SCS.

What new options would you like to have? These should not all be sport!

Look at the ideas on the next slides for inspiration.
