

**Step  
18**

### Division

I can combine 2 or more Tables Facts to solve division (2, 3, 4, 5x tables)

### Remember To:

- think of 10 lots
- see how many more there are
- add on how many lots this is too

**1**  $44 \div 4 =$

**2**  $55 \div 5 =$

**3**  $70 \div 5 =$

**4**  $30 \div 2 =$

**5**  $42 \div 3 =$

**6**  $60 \div 5 =$
