

A note to parents: An expanded noun phrase gives more detail or information about a noun. This is usually done by adding adjectives to describe the noun in the noun phrase, for example:

She walked through **the dark, mysterious forest**.

Or by adding a prepositional phrase to add further information about the noun, such as:

The man **with the wooden walking stick** walked slowly across the road.

Look at each of the images below. Write a sentence with an expanded noun phrase about each image. The first one has been done for you.
