

# New Zoo

- **Map of the zoo**  
Look at some real life examples.  
Label your design and include a key.
- **Information Leaflet**  
What will people see at the zoo?  
Are there any rules?  
Are there any special events during the year?
- **Prices and Deals**  
How much will it cost to enter?  
What about food, drinks and souvenirs?  
Are you also going to sell a 'gold card'?
- **Example Enclosure**  
Research the habitat of different creatures.  
How will you achieve this in the UK?  
You could make a model of this.

- **Zookeeper Instructions**  
How to look after a specific animal. This could also apply for visitors when feeding the animals.
- **Favourite Animal**  
Research your favourite animal.  
Draw or create your favourite animal and write a paragraph about it.
