

# Sporting Event—The Olympics

## Design an Olympic site to host the Colchester Olympic games

Look at the design of the Olympic Park at Stratford and Rio De Janeiro.

What facilities does it need for different events?

How will people get around?

Draw a plan of it including a key.

## Create a new sporting event that you can do in your back garden or the park with your family

What are the rules?

How do you score?

What are the court/pitch dimensions?

## Compete in your sporting event against people in your family

## Write a newspaper report or a recount on a sporting event you have taken part in or watched

What was the event?

Who was taking part?

You can use your sporting event planned for your family.

## Design or make your own Olympic stadium from junk materials

Research different stadiums.

Will yours have a roof?

What sports will be played in it?

## Create your own mascot for your Olympic games or major sporting event.

Research previous mascots for major sporting events.
