Introduction starter:

Have you ever wondered how to make a bed perfectly?

If you have, then use this handy step by step guide to find out how you can make the comfiest bed.

1. First, put the sheet, which has fitted corners onto the bed. Spread the sheet, and tuck the corners under the corners of the mattress.
2. Next, find the opening of the white pillow cases that have been recently cleaned, and put a pillow in each one.
3. After you have done that, put the two soft pillows that have pillow cases on them at the top of the bed. Make sure you lie them down next to each other with the long edge against the edge of the mattress.
4. Once you have done that, find the opening of the striped duvet cover which has been ironed, and place the duvet inside. Make sure you match the corners of the duvet with the corners of the cover. **This may be tricky, so you may need an adult to help you.**
5. Finally, place the duvet on the bed so that it covers the whole mattress. Pull the duvet all the way up to the pillows.

When you have written your instructions, try them out on someone at home, and see if they can follow your instructions precisely.
