

Activity: Sort the different appliances into those powered by mains supply, and those powered by batteries.

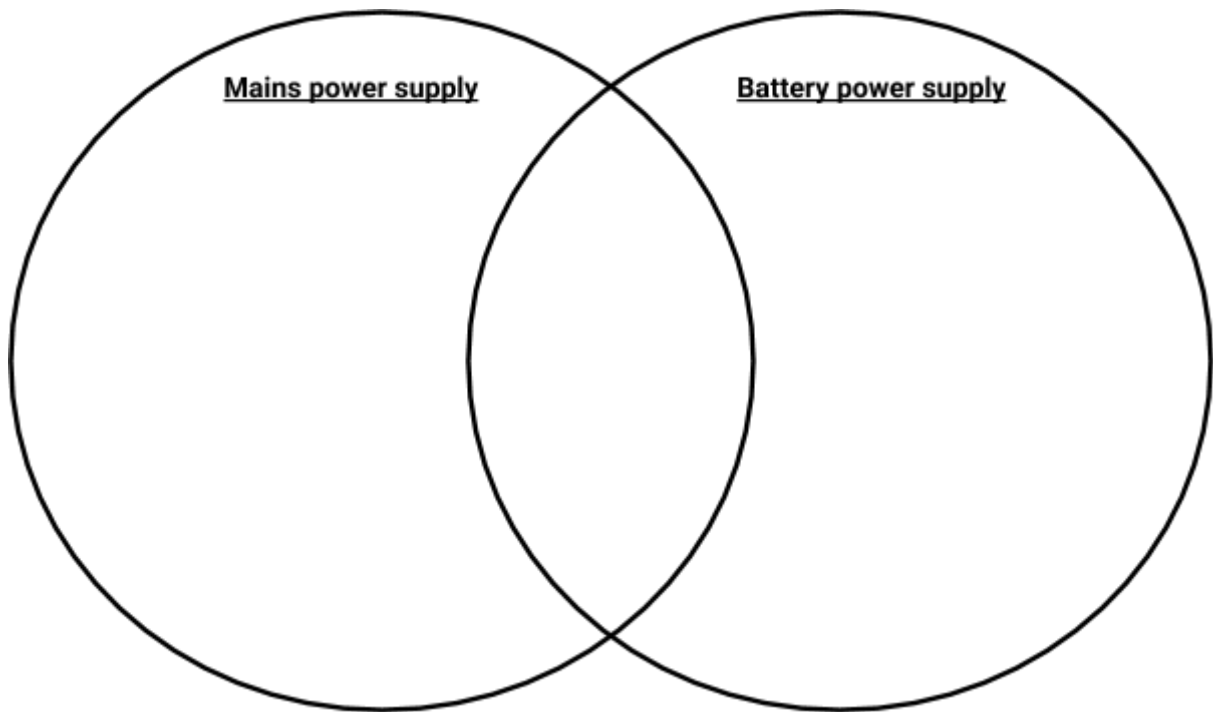

Red - Sort the appliances into the table.

<u>Mains power supply</u>	<u>Battery power supply</u>

<p>washing machine</p> 	<p>lawn mower</p> 	<p>mobile phone</p> 	<p>toaster</p> 	<p>microwave</p> 
<p>Kettle</p> 	<p>television</p> 	<p>tablet</p> 	<p>Oven</p> 	<p>fan</p> 
<p>torch</p> 	<p>iron</p> 	<p>hairdryer</p> 	<p>Lamp</p> 	<p>Laptop</p> 

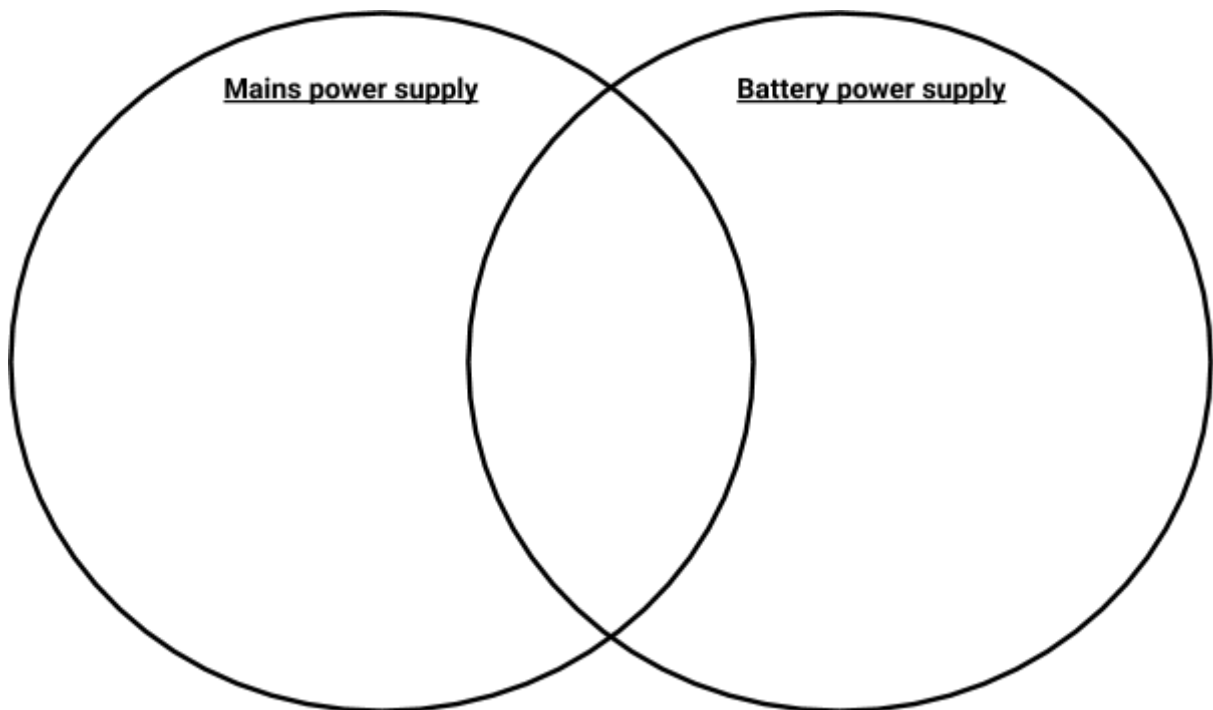

Yellow - Sort the appliances and create a venn diagram.

Washing machine	Lawn mower	Mobile phone	Toaster	Microwave
Kettle	Television	Tablet	Oven	Fan (a large one)
Torch	Iron	Hairdryer	Lamp	Laptop

Green - Sort the appliances and create a venn diagram.

Washing machine	Lawn mower	Mobile phone	Toaster	Microwave
Kettle	Television	Tablet	Oven	Fan (a large one)
Torch	Iron	Hairdryer	Lamp	Laptop

Can you think of an additional 3 appliances and add those to your venn diagram?
