Today we are learning some adjectives in French.

Adjectives are describing words.

We are going to use them to talk about the animals we have learnt to say in French.

Practice saying these words with the video.

**Grand** = big

**Petit** = small

**Fort** = strong or loud

**Lent** = slow

**Rapide** = quick

**Féroce** = fierce

**Timide** = shy

Now let's try putting some of those adjectives with the animal names we have learnt.

To do this, we can use this sentence structure:

*(animal)* **est** *(adjective)*.

*(animal)* is *(adjective)*.
