

## Red

Add narrative to this dialogue to help the story make more sense. It needs to be a minimum of 5 sentences:

"I can beat him without any effort," said the hare to the fox.

"Don't be overconfident," whispered the tortoise to himself.

"He is so far behind me!" laughed the hare.

"I won!" shouted the tortoise.

## Yellow

Add narrative to each section of dialogue to help the story make more sense:

"I can beat him without any effort," said the hare to the fox so that the tortoise could hear him.

"Don't be overconfident," whispered the tortoise to himself.

"He is so far behind me!" laughed the hare.

"I won!" shouted the tortoise.

"Hip, hip, hooray!" chanted the other animals.

## Green

Write two paragraphs. Both paragraphs need to include dialogue and narrative. I have written some of the dialogue for you.

"Look at the destruction," cried Hawk.

"What are we going to do?" asked the fox.

"No use moping about it. Let's work together as a team and fix it," chanted the moles in unison.
