The rules of football summarised:

A match has two 45 minutes halves with a 15 minute rest period in between. Each team can have a maximum of 11 players, including 1 goalkeeper who is the only player allowed to handle the ball within the 18 yard box. The aim of the game is to kick the ball into the other team's net to score a goal. The team with the most goals at the end of the match win.

There are more rules than this, but this summary highlights the main points of the game.
