

Your task - consider what was spoken about in this video and the information you were given. How do these impact India? Think about jobs and settlement. Write a paragraph about this.

Red - fill in the gaps

The western coastal plains attract many _____ because of the lagoons. _____ are saltwater lakes separated from the sea by land or rocks. The climate around the western plains is _____ throughout the year. Between June to September, they experience the _____ which sees heavy rainfall. The high amount of tourists is good for this area as it creates _____, and likely sees human settlement.

The eastern coastal plains see an intricate route of rivers. These rivers deposit silt which makes the ground very _____ - they can grow crops such as sugarcane and _____. This makes these areas highly sought after to live as it creates jobs. The climate around this area is hot and humid, but they experience heavy _____ in October, November and December. The various ports are used to _____ throughout India and to other countries; this is another reason as to why human settlements are found there.

Both the western and eastern coastal plains are great for _____, this provides jobs for many of the locals and enables them to sell their produce to areas in land.

The Himalayas provide a huge _____ from their mountain ranges, which create rivers all the way through India. This is a contributing factor to why the country is so densely populated. The Himalayas provide India with huge trade and tourism: people coming to _____.

tourists	Lagoons	rice	water source
monsoon season	transport goods	fishing	jobs
rainfall	warm	fertile	visit, climb, hike and explore.

Yellow - Use these prompting questions and word bank to help you write your paragraph.

Why might tourists be attracted to the western coastal plain area? How would this affect human settlement?

Why is the eastern coastal plain area a desirable place for people to settle? How does the ground surrounding the rivers help those who live there?

What does the large mountain range offer those who live there and those who visit?

tourists	Lagoons	rice	water source
monsoon season	transport goods	fishing	jobs
rainfall	warm	fertile	visit, climb, hike and explore.

Green - write a paragraph. Remember you can use the slides and the video resources from today's lesson to help you.
