

Plan - Complete!

You should not have a really detailed plan of your own version of the Jabberwocky!

Your first task

Your task now is to write your poem; remember that the last stanza should be a repeat of the first stanza to conclude the poem

Then use the checklist in the next slide to ensure you have included everything.

Did I	You	Friend of family
take care of where I placed my words? - think about rhythm		
link my poem to the title?		
think about, syllables, punctuation?		
choose vocabulary carefully? - did you make use of the nonsense words to create imagery?		
think about the narrative structure - does it tell a story?		

Once you have finished your poem - it is time to perform it!

Rewatch the two readings of the Jabberwocky and take notes again of where the four stressed syllables are so you can imitate them in your own reading. Remember your voice can emphasis the imagery you are creating!
