

Your task today

Using the pictures of the situations can you create a table, like the one below, listing them into their caused by bacteria, virus or fungi groups?

Caused by bacteria	Caused by virus	Caused by fungi
Making cheese Making yoghurt Food poisoning Plaque	Chicken pox Flu	Making wine Antibiotics Bread dough Decomposing matter Athlete's foot Mould

If you need support, there is a document with the facts about the situations to help you.

Extension

Can you sort the situations into harmful and helpful. You can choose to display this how you wish.

Harmful	Helpful
